Rob & Rob: Here's the signed QAPP/SAMP for the Minntac inspection planned for Sept. 12-14. As I mentioned last week, we are now driving out there and back so we would like CRL to ship a cooler with sample bottles, pH buffers and conductivity standard to Jonathan Moody at OECA Cleveland office by Sept. 6. We will drop samples off at CRL on 9/14.

Thanks for accommodating this request,
Dean
